

ANTAO

In touch with nature

Antao is inspired by nature: the collection's design derives from the shape of a dew drop. The organic style shows in each piece in the collection – from the washbasin through the tap fittings and toilet to the bath. The end result is an impressively harmonious feeling in the bathroom. High-quality materials and a broad range of natural colours for all the items permits a uniform design throughout the bathroom.

Ceramics:

- + Vanity washbasin and surface-mounted washbasin available in three different sizes. In four matt colours inspired by nature and White Alpine
- + Individual organic form for each washbasin size
- + Flush-fit outlet valve for a purist look
- + Exquisite design thanks to the premium material, TitanCeram
- + Water-saving TwistFlush toilet with matching Antao toilet seat

Bathroom furniture

- + High-quality furniture for a customised bathroom, with a soft style thanks to the rounded edges
- + Diverse scope of combinable surfaces in a painted finish, solid wood and stone – inspired by nature
- + Textured fronts optionally available as a tactile highlight
- + Push-to-open drawers with interior lighting
- + Organic, smart home-capable mirrors in three sizes with touch sensor and LED lighting

Tap fittings

- + Special lever position emphasises exceptional character
- + Various finishes, such as Chrome, Matt Black and Brushed Nickel, and a comprehensive range provide plenty of scope for a personalised look
- + User-friendly control of the water jet for convenient hand-washing
- + Environment-friendly maximum water flow rate of 5 l/min – without compromising on performance
- + High-quality components from European market leaders

Monolithic bath

- + Exquisite free-standing 170x75 cm bath in finest Quaryl®
- + With ViFlow concealed overflow or without an overflow with push-to-open feature
- + Optional integration of SilentFlow in base of the bath for quiet filling
- + Available in three monochrome colours Stone-White, Grey and Morning Green plus Glossy White
- + Also available in Colour on Demand
